Darsun Scientific

Automatic Chemistry Analyzer

DS-6090

- Discrete, random stat function
- ISE module (for option , K Na, Cl, Ca, PH)
- Up to 400 tests/hour ,
- 93 sample positions
- 40 RI & R2 reagent position (with cooling system)
- 90 sample cuvettes with auto washed system
- 2 independent mixing stirrers
- Read spectrophotometry, 12 wavelengths
- Probe anti-collision prevention
- Easy to operate and ,maintain windows 10 compliant
- Dimension:- 95X71X118 cm
- Weight:- 136 kg
