Manual colony counter

DS-A11

Product Overview

- 1. Displays average values
- 2. Bright LED lighting
- 3. Three-digit display for easy readings Adjustable pressure
- 4. Beeping noise prevents errors

Product Features

Manual colony counter DS-A11 accommodates a wide range of colony counts from 0 to 999 for accurate measurements. This colony counter fits petri dishes from 50 to 150 mm, offering versatility. It features multi-mode functionality for simultaneous counting from two petri dishes. Equipped with a pressure-sensitive touch-tip pen marker. Ensures thorough examination and accurate counting of colonies through cumulative marking. Provides nine times magnifications for easier counting.

Model	DS-A11
Counting range	0 to 999
Compatible petri dish	50 to 150 mm
Magnification	3 to 9 times
Digital display	3 digits
Rack	2
Relative Moisture	0.8
Ambient temperature	5 to 50°C
Protective class	IP21
Power consumption	20 W
Power	AC 100 to 240V/ 50 to 60 Hz
Dimension	360x300x180mm
Weight	4.0 kg
